- Leverage the increased scale of EABH to offer a wider range of opportunities for students to explore possibilities through academic electives, clubs, activities, arts and sports/competitions. Ensure the Master Plan incorporates additional classrooms, spaces for activities, and sports facilities. Carve out dedicated spaces and time for activities that support student well-being in and outside of the classroom.
- Refine and implement a comprehensive program to support individuals in exploring their interests, strengths, and values, while bolstering our counseling capabilities.

- Find new avenues for our school community to engage with the school in a variety of aspects such as volunteering, serving on committees, etc.
- Establish initiatives that bring together students, staff, and community members from different backgrounds.
- Increase the visibility and recognition of diverse talents within the EABH community. Improve our year-round calendar of in-person events to bring parents, teachers and staff together in the school.
